2022 Q2 REPORT

# IFS BRIEF HISTORY MISSION, VISION AND VALUES

The Insurance Foundation for Servicemen was founded in 2017 to provide stable, equitable compensation for the well-being of fallen, missing, and disabled soldiers and their families while defending the homeland and its borders for the peace and security of future generations. It is a unique foundation in the region where every working citizen in Armenia and Artsakh is required to make mandatory contributions. Diasporan Armenians also support the Foundation through voluntary contributions. In this way, the Foundation represents a pan-Armenian effort to provide for those who have sacrificed their lives for the security of Armenia.

The Foundation operates according to the laws of the Republic of Armenia. The Foundation's resources are generated from the mandatory monthly payments of taxpayers in Armenia and Artsakh (based on income level), from voluntary donations received from all over the world, as well as from the IFS asset management. IFS website provides information regarding both mandatory payments and donations, as well as the compensation payments made to IFS beneficiaries. The Foundation conducts an independent audit every year and the website reflects those reports, as well as IFS director's report.

### **MISSION**

To provide stable, equitable compensation for the well-being of fallen, missing, and disabled soldiers and their families while defending the homeland via obligatory and voluntary payments.

To create a unique life insurance foundation model uniting the global Armenian community for the wellness and prosperity of our beneficiaries, in partnership with the Government of Armenia and key stakeholders from the Armenian Diaspora.

TRANSPARENCY, ACCOUNTABILITY, JUSTICE FOR All

Today, it is our duty to stand by the families of the fallen, disabled, and missing soldiers.

# IFS OPERATIONS FOR FY 2017 - 2022 ROLLING ESTIMATION

After the 2020 war, the year of 2021 was a year of crisis management for IFS both operationally and structurally. 2022 is a year of recovery in terms of buffering assets and making monthly regular compensations.

In 2022 it is estimated that IFS will record a decline in income of approximately -0.5%, due to the donations decline, as well as the Kamurj and Central Bank one-time contributions to the income mix in 2021 and despite the increase in the Mandatory Payments by 7%.

In 2022, the portion of Foundation income attributable to mandatory payments is estimated to increase to 92% compared to 85% in 2021.

In contrast, the portion of income attributable to donations is estimated to fall from 4% in 2021 to 1% in 2022 as per the rolling estimate.

The income from asset management is also estimated to exhibit a positive 2 ppts growth from 5% in 2021 to 7% in 2022 and the income from the asset management is estimated to grow by 21%.

## IFS OPERATIONS FOR FY 2017 – 2022 ROLLING ESTIMATION

In contrast, the portion of donations declined to -62% which is an organic slowdown given that no investments were made to support the donor base.

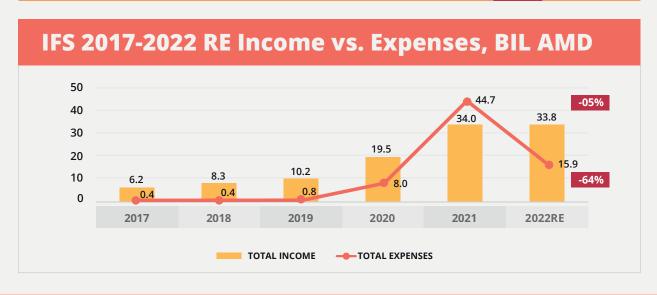

In YTD Q1-Q2 2022 the portion of IFS income attributable to mandatory payments increased to 92%, compared to 87% in 2021 same period.

In contrast, the portion of income attributable to donations fell to 2% in 2022 half-year from 2021 5% same period, as donations recorded a -62% decline.

# DONATIONS TO IFS FOR FY 2017 - 2022 Q1-Q2

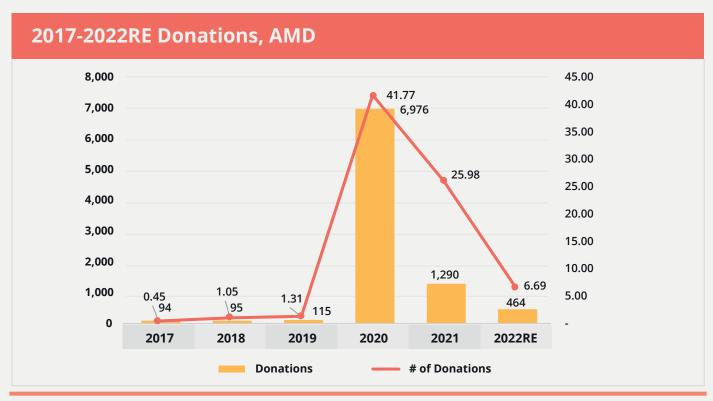

Since 2017 to Q2 2022 IFS Donations have totaled around 8.9 billion AMD.

From 2017 to YTD Q2 2022 the total number of donations is almost 77K with an average size of 115,000 AMD. The greatest number of donations were made during and after the 2020 war. Donaions come from 70 countries. In the table below the contributions are shown by currency.

Compared with the YTD Q2 2021 the current donations have decreased by -62%. The number of donations and average size also showed a decline by -56% and -13% respectively. It is explained by the post-war syndrome, as during the war the donations usually show a drastic increase which is reflected in the 2020 results.

The donations were made via bank transfers as well as via the IFS website www.1000plus.am.

## IFS DEVELOPMENT PATH TO INDEPENDENCE

At its founding in 2017, the IFS was managed by the Central Bank of Armenia on a volunteer basis. The IFS did not have a dedicated team or office space. The 2020 Artsakh demonstrated that IFS needed to become an independent entity. Accordingly, a dedicated team was formed, and a professional Board of Trustees was elected to provide oversight and governance. Dedicated office space was also rented and renovated, and all the required infrastructure was built out.
